Santa Fe Critics Praise Youthful Sandia Alum

A common theme in recent and light opera is the ambition of Marilyn Langmyer, 42, who is returning to Sandia for the next 15 months as a result of an agreement she made with the University of Illinois Alumni Association. Langmyer is to perform at the University of Illinois Alumni Association’s “1952 Sandia Story” at the Coronado Club, May 11.

Marilyn Langmyer

Contractors Let

Marilyn Langmyer has negotiated a contract for her work at Sandia. The Atomic Energy Commission has awarded the contract to the New Mexico Institute of Technology, which will be responsible for the construction of the new facilities. The contract is valued at $114,970.54.

Contracts Let For New Buildings At Sandia Lab.

The contract was awarded to Clark College, Charleston, W. Va., and includes the construction of a new laboratory building. The building will be located on the eastern edge of the technical area and will provide permanent quarters and modern facilities for the medical organization.

E. Luther Construction Company

E. Luther Construction Company has been awarded a contract to build a materials storage building and a lumber shed for the new technical area. The bid was $104,970.54.

When Sandia Corporation gets into communication with a prospective employer, the job seekers are trained in the basics of the job.

Instrument Exhibits

Assemble the exhibits of sheet music and indicating instruments, the Northern New Mexico Section of the American Institute of Electrical Engineers, on Thursday, May 10, at the Atchison Hotel, 7:30 p.m.

Here's How to Lose Your Right to Vote

You wouldn't call your right to vote for any amount of money, but there is almost a 50-50 chance that you are throwing it away. Approximately 47 million people did just that in the 1948 presidential election. Only 54 percent of the 93 million people in United States of voting age went to the polls. It's a miserable score.

In Belgium, after the war in the first free election held following the defeat of the Nazis, 90 percent of the eligible voters turned out. In the crucial Italian election which stopped Communism in that country, 89 percent of the voters went to the polls. Eighty-two percent of the British voters cast their ballot when Churchill was returned to power. In France after four years of Nazi rule 75 percent voted. Even in Japan, had they their first free election in years, 70 percent voted.

Why did the American voters stay away from the polls in such large numbers? Apathy, laziness, indifference, ignorance, or whatever the reason may be our voting record gets poorer and poorer. In elections soon after the Revolutionary War our voting record was admirable. It was fresh in the minds of Americans what it was to be without a vote. But today, unfortunately, our freedoms are taken as a matter of course, not as something to be preserved.

There are elections in all parts of the world today. Some of them are free elections, some are not. Perhaps the test of a free election is in what happens after the voting. Is there freedom of the press and of the ballot box? Is the official backer of the winning candidate honoring the outcome? Is the record correct or is it faked? We are not always as free as we think we are.

Remember, you must be registered in order to vote. It is still not too late until the day before the November 4 election. In New Mexico the deadline is October 5. Better get down to the county Court House the first chance you have, if you're not registered.

Mary Kates, 2223-1, is spending two weeks in Denver, Colo., for two weeks.

The outside of his house claimed Jim Rhoads' attention during his vacation. Jim, 2221-3, reports painting most of the time he was home.

Fishing, dancing, and horseback riding kept her busy during her vacation, according to Melita Quinlan, 2212-5: Matt's father, who lives in Medina City, joined her for the trip through Colorado and Eagle Nest.

Touring our own state was the vacation agenda for Verneen Chavez, 2222-1.

There's an addition in the holdin' in Chihuahua. Matt, who works in 2471, his wife and Lewis spent two weeks vacationing in Mexico.

R. D. Flaherty, 2471, and his family spent two weeks at Momentum Lake, Calo, where they joined in a family reunion and did some fishing and visiting at various places of interest.

Welcome back to Alfred Mentoys, 2211, who returned to his job after spending three weeks at the Vermont Hospital.

Beverly Henry, 2463-2, has chosen Minnesota for her two week vacation this month.

Atending the Fiesta at Taos last week were Norma Corbech, Elmo Oberle and Teresa Sullivan, all of AEC.

Frank Chaves, 2211-1, is proudly holding one of his fellow workers and receiving congratulations. He is the proud possessor of a 10 pound daughter named Christine Evangelim who arrived July 24.

Vacation plans for Jay Castilla, 2211, and his family included a trip through Washington, Oregon and California.

The Stibas, Florence, 2231, and her husband Joe spent several days vacationing recently in Dallas, Texas.

THE GIRL WITH THE GREEN THUMB, Hope Garcia, 2471, checks the blooms on the nasturtium she's planted in the Motor Pool with her co-workers during their noon hours. Hope did the planting and caring and turning of the flowers while the men helped by rite-filling the little plot of earth. Fern, marigolds, and lilacs. Included in her garden are cosmos, marigolds, gladioli and lilacs.

Fellows workers in 2231 with Cat· lie Mac Lambert a speedy recovery from her present illness.

A visit with relatives in Salt Lake City, Utah, was on the agenda for Angie Riviera, 2231, who recently took her vacation.

Evelyn Ahoye, 2231, and her brother, Charles, 2441, are enjoying a visit with their brother, Buddy, who is on leave from the Marine Corps. Buddy formerly worked in 2231.

There was one thrilled husband on July 23, Pera Arbelo, 2231, received a phone call from his wife who is visiting relatives in Havana, Cuba.

Bob Roper, Real Rumber, Art Wilson, Ward Hummert and Walter Strott, all of 2440, spent a week end fishing at the Brazos River in New Mexico. About ten thousand fish were caught.

Omar Reina, 2441, and his wife traveled approximately one fifth of the distance around the world recently. They spent a week end in the Pacific Northwest, sightseeing through 31 states.

MEXICAN HOLIDAY. Lewis Caffin, 1951, and Mr. and Mrs. Matt Torres are pictured here relaxing at the swimming pool at Hotel Victoria in Chihuahua. Matt, who works in 2471, his wife and Lewis spent two weeks vacationing in Mexico.

Mary Kate's, 2223-1, vacationed in Durate, La., for two weeks.

The 25th anniversary of her high school graduating class took Hazel Atlee, 2223-2, to Parkburg, W.Va., recently. From there Hazel traveled to Minneapolis, Minn., where sister visited her daughter and then home again by way of Cheyenne, Wyo.

Bob Roper, Real Rumber, Art Wilson, Ward Hummert and Walter Strott, all of 2440, spent a week end fishing at the Brazos River in New Mexico. About ten thousand fish were caught.

Omar Reina, 2441, and his wife traveled approximately one fifth of the distance around the world recently. They spent a week end in the Pacific Northwest, sightseeing through 31 states.

FISHING IN COLORADO is a highlight of the vacation trip recently taken by Ralph Bowser, 2223, and his family. Broom hills in July were the order of the day.

A week's vacation visiting the Grand Canyon and nearby sites was on the agenda for George Bryant, 2233, recently. George also visited relatives and friends.

When Paul Morgan, 2233, was asked about his recent vacation he said he spent the whole time sitting around home listening to the radio.

A visit to flashy Pikes in Colorado was a highlight of the vacation trip recently taken by Ralph Bowser, 2233, and his family. Broom hills in July were the order of the day.

Charles Graves, 2463, reports an enjoyable, but warm, vacation in Ft. Worth, Tex.

Mr. and Mrs. Clarence Carrell, 2452, welcome a new daughter on July 13. Linda Louise arrived at the Presbyterian Hospital weighing 6 pounds 10 ounces. Congratulations!

Congratulations to Mr. and Mrs. Nick Tarnawsky, 2452, on the new addition to their family Dick Jr., weighed 6 pounds 9 ounces.

Glenn Skafier, 4141, his wife, Jean, and their 3 month old son, Robert, flew from the East to Kansas to visit relatives recently. Glenn says he will soon start training in Tuskegee in the art of flying since he made the trip like a veteran flyer.

Mark Everhart, 3112, enjoyed a visit from his parents recently. Mark says he will soon start training in Tuskegee in the art of flying since he made the trip like a veteran flyer.

Vernon Phillips, 2231, is moving into his new home on Monteagle this week end. According to Vernon, the housewarming date will soon be announced.

His daughter's wedding took Wendell Everard, 2231, to Evansville, Ind., during his recent vacation.

He spent a week vacation in the Jemez mountains just fishing and having a wonderful time, reports R. E. Giannini, 2231.

The vacation schedule for Joe Ayala, 2231, and his wife Lillie included a trip to Los Angeles, Calif.

The Sandia Bulletin is published every other Friday. Contributions to The Bulletin, Room T-301 News Office, Building T-301. News items should be in The Bulletin office at least one week in advance of publication date.

Get rid of the vise! It was already open. There was nothing to do but to close it.
and of her brother's house. He answered his ring told the man he was there to return a book he had borrowed. But now he gave it to him—128 West 25th Street, New York. It was a pretense of reading but—in truth—furiously scanning the faces on sparsely populated platforms, making a pretense of going to a newspaper stand. He had his orders from superiors. He bought an expensive newspaper, stepped aboard a crowded train, saying, "I'm going to Chicago."

He had his orders from a superior he knew only as "John," who was Amotill Yakovlev. He was the consul general of the Russian Consulate in New York. He knew exactly what to expect from the meeting, that not to be followed by his meetings with Fuchs, and the Russian exiles would lose his way in which he had frustrated and pierced the wall of security around the spy's world. He had his orders from a superior he knew only as "John," who was Amotill Yakovlev. He was the consul general of the Russian Consulate in New York. He knew exactly what to expect from the meeting, that not to be followed by his meetings with Fuchs, and the Russian exiles would lose his way in which he had frustrated and pierced the wall of security around the spy's world.

**TOASTMISTRESSES GUESTS AT CORONADO CLUB THIS EVENING**

Thursday Toastmistresses Club is playing hostess to all Toastmistresses clubs in Albuquerque tonight at the Coronado Club. A full program is being offered: a dinner at 5:30; a barbecue and fish dinner at 7 and dancing from 9:30 to 12:30. Co-chairmen for the party are Mrs. Bruce McElroy and Mrs. B. F. Richards.
History of the Base Is Short But You Will Find Sandia Played A Spectacular Part In World Events

It wasn't many years ago that what is now Sandia Base was bare mesa with little value. In only a few years it has grown up to become a vital military installation and bears little resemblance to its early days as a flying field. Following is a brief history of the Base compiled from AEC, Military and civic sources.

What was to become Sandia Base had its start in 1928 when Airfield Holding Incorporated, an Albuquerque group, purchased the East Mesa site and established its private "Albuquerque Airport." However, the site has never been a municipally controlled airport.

Former Airport

Two early commercial airlines, Transcontinental Air Transport and Western Air Express, used the airport intermittently in the 1930's before moving across the street to what is now the West Mesa Airport. After the commercial lines moved out and later became TWA the field was used for a small flying school and private flying until early 1942 when the Army picked it as the site of the Albuquerque Airport. In the spring of 1946, the field became a repository for "war weary" aircraft, primarily B-29 Liberators, heavy bombers and F-51 Mustang fighters, many of them still bearing their battle scars, gaudy plug-in girl illustrations and symbols denoting strike missions. Under RFC surplus sales supervision the war-weary planes dwindled and finally disappeared in the spring of 1946.

Two factors seem to have played major roles in the transition of the Air Depot Training Station to its present day importance as Sandia Base. M. E. D. Takes Over

First, shortly before the original atomic bomb test at Trinity, N. M., on July 16, 1945, the Los Alamos Scientific Laboratory team conducting the test arranged for Army logistical support to be furnished out of the Air Depot Training Station site. Thus it was logical that a short time later, with increased space for all operations at Los Alamos—the Manhattan Engineer District should select the site and receive facilities at the Albuquerque installation which by then was surplus. The Albuquerque facilities continued to grow, and eventually became Sandia Laboratory. Second, in the full of 1945 some units of the 509th Bombardment Group, which throughout most of the war supported the research surrounding aerial delivery of the A-Bomb, were transferred to Albuquerque. Among the flying units, based at Kirtland Air Force Base, was the nucleus of the Army's post-war Special Weapons Project, which eventually became the Special Weapons Command and is now the Special Weapons Center. Other units, non-flying and based as the Air Depot Training Station Site, became in mid-1946 the Army's 4809th Special Weapons Group, and this group formed the nucleus for AFSWP, Sandia Base. The Base was named "Sandia Base" in 1946 and existence of AFSWP was announced in January, 1948.

GHOSTS OF COMBAT MISSIONS must have lived in the sand dunes of the air base where hundreds of aircraft were scoured for parts and sold for scrap. By early 1946 the planes were gone, but all spots long reminded Sandians of their presence as well as worrying the men who later put in lawns in the housing area.

WAR WEARY FIGHTING PLANES line the rows in the background of this picture. Time has brought quite a change in the appearance of Sandia, as a comparison of these buildings and the present day structures will show.

A business visitor at Sandia Corporation recently was Bartlett T. Miller (second from left), a Vice-President of the American Telephone and Telegraph Company. He is pictured here with several AEC officials, L to R: R. T. Shaw, Vice-President and General Manager; M. Miller; D. A. Quailes, President of Sandia Corporation; R. E. Poole, Vice-President; Development; W. A. Marxal, Vice-President—Research.

The spicy sauce formula is partly original and partly borrowed. A chef friend of his who owned a restaurant made the most wonderful sauce Harold had ever tasted. When asked about his sauce he said that he made it up in five gallon batches and used sharply with a bit of the ingredients to such a good friend. With this much to go on Harold experimented until he proportioned the ingredients into the luscious sauce he makes today.

It has a tart flavor and can be made in quantities and used on beef, pork or other meats with success equal to that of the Barbecued Chicken. For an evening or outdoor meal with friends or perhaps a family reunion, he serves potato salad, baked beans, fresh salads and iced tea. Harold is one of those cooks who pay very little, if any, attention to recipes. "I more or less drift the stuff up as I go along. A dash of spice here and a dash there. My mother always cooked the same way and her results were wonderful." According to Harold, meats are his specialty. "When we go to the mountains for a picnic I am usually entrusted to do the cooking. At home I usually assign myself to prepare salads, meats and most other side dishes."

His culinary interest goes back to Boy Scout days when he learned to cook foods over a camp fire. From that time on he has branched out into first one thing and then another until he selected meats as his favorite. Cooking, of course, is Harold's main hobby but in spare time he swims and takes care of their yard in the Wherry Housing area.

Favorite Foods

This is another in a series of stories about Sandia cooks who enjoy the culinary arts as a hobby and a pleasant pastime and are highly accomplished in their art. With each article there is a favorite recipe for those gourmet cooks who like to try their hand in the kitchen.

Barbecued Chicken

1 cts. bonito fish 1 cts. thickly grated onion
1 lb. ground turkey 1 tbsp. celery seed
1/2 cts. salt 1 tsp. tabasco sauce
1 tsp. dry mustard 1/2 tsp. black pepper
3 tbs. oleo 1 tsp. celery seed
1 tsp. Wright's Condensed Smoke
2 dashes

Rosmary leaves

Meat in pan. Add onion, garlic and celery and simmer slowly until tender. Then add the ingredients of the rub and simmer for 20 minutes. Put in jar and store in refrigerator.

Chicken

2 (1 to 2 lbs.)

butter 1/2 cup

2
capsable

1 tbsp. Wright's Condensed Smoke

2 dashes

Brown.

lightly salted jucing chicken and place in bowl. Bake in refrigerator two or three hours or until thoroughly chilled. Remove from refrigerator about 30 minutes prior to cooking and with pastry brush apply Wright's condensed Smoke to each piece. After stroke is almost dry, roll each piece in flour and brown lightly in moderate hot greases. Remove from pan and brown generously with barbecued sauce. Place in shallow baking dish, sprinkle lightly with Rosmary leaves and bake in moderate oven (350°) for 45 minutes. Baste occasionally with additional sauce. Serve with additional sauce if desired. (Recipe based on using 12 fork skillets.)

The "toes are always screaming for me to make barbecued chicken, so I guess it must be pretty good," says Harold Hade, 1941, when asked about his popular chicken recipe. And it is good! Charlotte, 12; Donna, 11; Ken, 8; says he makes it up in five gallon batches and used sharply with a bit of the ingredients to such a good friend. With this much to go on Harold experimented until he proportioned the ingredients into the luscious sauce he makes today.

News from Men in Service

Shary D. Holmes, formerly of 2235, and now serving with the 1st Marine Air Wing in Korea, had double cause for celebrating recently. He sent news of his promotion to sergeant at about the same time his wife, who lives at 2220 N. Dickason, was sending word of the birth of their first child, a 7 lb. 4 oz. boy. They had anticipated the same arrival at home. At present he is doing desk work in the Personnel Division, but his Christmas plans are to come home to his family and now serving with the 1st Marine Air Wing in Korea, had double cause for celebrating recently. He sent news of his promotion to sergeant at about the same time his wife, who lives at 2220 N. Dickason, was sending word of the birth of their first child, a 7 lb. 4 oz. boy. They had anticipated the same arrival at home. At present he is doing desk work in the Personnel Division, but his Christmas plans are to come home to his family and now serving with the 1st Marine Air Wing in Korea, had double cause for celebrating recently. He sent news of his promotion to sergeant at about the same time his wife, who lives at 2220 N. Dickason, was sending word of the birth of their first child, a 7 lb. 4 oz. boy. They had anticipated the...
Paul Thought About Ranches, Horses
A Long Time; Then Went Into Action

Back in the days when Paul Davis and his family lived in Los Angeles he realized that he had an unapproachable problem for horses and for a ranch of his own to keep him company about a year ago he moved from California to New Mexico and now he has his horses and his ranch.

Paul, who works in 2121, realized his ambition when he purchased the Rancho Arco, Horse Ranch, complete with an "Arabian castle," for a home, in the Sandia Mountains forest. One of the first things he did after purchasing the horse was to get some horses, some gentle horses. He bought a few from Blanche Aster, brother of the family. Γενεύοις and others thereafter raised them even though he considered himself a real amateur in the business.

An old man who does to a busy wife and some relatives and in relations and in around Newak, N. J.

He is now establishing some trails through the forests and has the blessing of the men of the Forest Service in his undertaking. "There are 135 miles of trails in the Sandias," Paul reports, "and with our horses we make the most of them."

Chick wagons, dinner trains, moonlight rides and the great outdoors are on the menu for the Davis family and friends. Paul extends a personal invitation to all horse lovers and lovers of the outdoors who are among his co-workers here at Sandia to come up to his ranch any time and look it over. "But wear your togs, boots and saddles." Paul warns, "this is the West, Pardners."

Six High Teams Vie For Four Spots in Sandia Corporation Softball Playoff

Six teams are scrambling for the best positions in the Sandia Corporation Softball League as the third round of playoffs comes to a close. The 12 leaders will have a play-off on Sept. 12 to determine the regular season champions.

Six High Teams are 15-12, and overpowering the Sandia Corporation Golf Tournament held recently at the Sandia Golf Course.

McRimmon, Hickie, Top Win Honors in Golf Tournament

For Hickie McRimmon it was his low score and Joe Hickie the low gross win the Sandia Corporation Golf Tournament held recently at the Sandia Golf Course.

McRimmon's low net score of 72-74H and Hickie's low gross of 77 set the pace for the 60 participants in the tourney. Bob Cubbage's gross score of 81 placed second in the match to Hickie for the best score of the day.

A three-way tie for second low gross was shared by John Caviness, 84-76, Sheri Elise, 86-14-72, and Carl Stine, 86-14-72.

Blind Bogey winners were Chet Forsten, 74, George Horne, Sr., 74, N. T. Pope, 74, Don Quicks, 77, and Charles Morin, 77.

In regular score play, winners of the first low gross and the best net gross for the four-day tourney were announced as follows: A. F. Cubbage, net low gross of 341; Bob Kennedy, net low gross of 341.

Two more rounds will be determined by the 12th round to be held to decide the League champion.

Ski Club Slates ChickWagon Party

A Chick Wagon Party, sponsored by the Albuquerque Ski Club, will be held Saturday, Aug. 9 at 6:30 at Chico's Riding Academy, 2603 Corral Ave., NW, $4.50 per person in the price, and that includes a fried chicken dinner, and a horse (if you ride). For reservations, call Junior Brauns, Albuquerque 2-6000.

He will extend a personal invitation to all horse lovers, and lovers of the outdoors who are among his co-workers here at Sandia to come up to his ranch any time and look it over. "But wear your togs, boots and saddles." Paul warns, "this is the West, Pardners."

Young Sluggers

"Ring Card For Men's Night at Coronado Club"

Ten bouts of amateur boxing will set the pace for Men's Night events at the Coronado Club on Wednesday, Aug. 26, when the Sandia Skiers boxing team from the Albuquerque Boys Club will battle out of Sandia to take the ring in the Club patio. The bouts range in age from 12 to 18 and many of the older boys have competed in the Golden Gloves tournaments. They will fight ten bouts of three minute rounds.

John Vifedda, the Club Director, will arrange for equipment, judges and rings and the first ring of the entertainment committee, handling arrangements at the Coronado Club's end. The ring will be donated by the University Service men here on the base.

The bouts will be matched in age and weight with the lightest and the heaviest. The first bout will start at 6 p.m. Charles Harp has warned the fans that the crowd at the arena will be large and the outer edges of the arena will get the best seats. Five hot, pitchy, and pop corn will be served as usual. The event is free to members, 50 cents general admission.

Young Sluggers from the Albuquerque Boys Club will give an example of the way they 'll battle it out at the Coronado Club during the Men's Night festivities on August 13. Plans call for 20 bouts between lads ranging in age from 12 to 18, some of them Golden Gloves veterans.
